## Sophisticated, Energy-Efficient Style.

Graber CrystalPleat™ Cellular Shades feature innovative, honeycomb-shaped cells that add elegance and depth to your décor. They also help prevent cool and heated air from escaping through your windows, for unsurpassed energy savings.

## The Right Size for Every Window

Cellular shades are available in four different cell sizes. Each size creates a specific look for each window and can have an impact on how much insulation the shade will provide.

Cell Sizes

¾" Single Cell Cellular Shades with Fabric-Wrapped Rails and Motorized Lift, Champagne Toast, Baroque 2240

### ⅛" Single Cell

Sleek profile is ideal for smaller windows.\*

\*Available in select fabrics only.

### ¾" Single Cell

Large cell size creates a clean, proportional look for medium to large windows.

### ½" Double Cell

Double-cell construction offers maximum energy savings.

\*Available in select fabrics only.

### 1 ¼" Single Cell

Extra large cell size results in fewer pleats for a cleaner look. Ideal for oversized windows.\*

\*Available in select fabrics only.

# The Light & Privacy Effect

Graber Cellular Shades come in four opacities, ranging from sheer to light filtering to blackout. Light filtering fabrics gently diffuse incoming light, while blackout fabrics block out all light. With privacy, consider not only how much you can see out—but how much others can see in.

Opacities

## Sheer

Allows the most sunlight in and the least amount of privacy.

## Light Filtering

Blocks some sunlight and offers a moderate amount of privacy.

## Semi Sheer

Lets in moderate sunlight, while providing a little privacy.

## Blackout

Blocks all sunlight and offers complete privacy.

Creating Layers

## Create a Layered Look

With so many fabrics to choose from, Graber makes it easy to create a custom layered look. Start with simple, modern shades, then custom mix colors and materials to elevate your décor. Add soft layers for additional light and sound control, then finish it off with an elegant top treatment. Be sure to integrate the whole window treatment with other design elements in the room, like rugs and furniture, to tie it all together.

Shades Only

Start with crisp, cellular shades in a classic, neutral color.

Add Drapes

Add soft drapery as a complementary accent.

# Healthy Home Fabrics

Create a healthier home environment with new Graber Healthy Home Cellular Shade fabrics. Engineered to protect against bacteria, mold, and more, this proprietary, antimicrobial coating also helps reduce odor, as well as the need for cleaning, prolonging the life of your fabric.

## Specialty Solutions

Windows come in all shapes and sizes. Enjoy the benefits of Graber Cellular Shades on specialty windows, such as arches and uniquely shaped windows, including quarter circles and hexagon.

### Perfect Arches

Shade covers perfect and non-perfect arches, as well as quarter circles.

### Multiple Shades on One Headrail

A single headrail with up to three independent shades is ideal for extra-wide windows.

### Room Darkening Side Channels

Significantly reduce slivers of light that peek through your shade edges by adding side channels to the edge of your window frame.

## Specialty Options

¾" Single Cell Cellular Shades with Motorized Lift: Couture Blackout, Heron Plume 1131

## Lift with Ease

With Graber, you can choose from a variety of lift options designed to fit both your lifestyle and needs. Enjoy the aesthetics and convenience of each of our lift options below for those comfortable, everyday moments.

### Motorized

Raise and lower shades individually or as a group with the touch of a button—or by integrating with the Graber app. Ideal for homes with children or pets.

### Cordless Lift

Provides a clean, streamlined appearance. Ideal for homes with children or pets.

### Motorized Wand

Combining cordless and motorized lift, this sleek option features an intuitive, three-button wand that lets you operate your shade—without a remote or smart home app.

### INTUITIVE. SAFE. CONVENIENT.

Give your shades a high-tech upgrade with motorized lift. Experience the convenience of voice control by connecting your shades to Google Home or Amazon Alexa. And enjoy peace of mind knowing our motorized and cordless lift solutions are certified Best for Kids™.

### Control Types

## Top Finish Options

Give your room a polished look with top treatments that not only conceal your headrails and hardware, but allow you to showcase a little more of your personal style.

### Wood Cornice

Cornices are available in custom colors, as well as various styles and heights. They can also add a bold design element to the top of any window.

### Wood Valance

Offered in a variety of coordinating paints, stains, and styles, valances featuring 100% North American hardwood add dramatic, clean lines to your décor.

### Fabric-Wrapped Cornice

Plush, fabric-wrapped cornices can be coordinated to match your shade or any other element in the room for a balanced finish.

### Fabric-Wrapped Rails

Available in cellular shades only, fabric-wrapped rails allow for seamless coordination with the shade fabric for a clean, uniform look.
